$70,000 Merit Scholarship
TETR College of Business — awarded for entrepreneurial achievement & academic excellence

PROFILE

Business and technology student, footballer and coach with a 92.95 ATAR and a $70,000 merit scholarship, with valuable hands-on experience across a range of fields. Coached and developed 50+ youth footballers at one of Australia's biggest football academies, instilling a genuine passion for the game in the next generation of athletes. Built and ran an independent accessories brand at 16 — sourcing suppliers, negotiating terms, managing fulfilment from scratch. Assisted in the coordination of the UNSW 2023 Graduation Ceremony for 500+ attendees. Trilingual, internationally mobile and adaptable — looking to learn, build with a team and make a name for themselves. Seeking an entry-level or internship role in marketing, business or digital, with a particular interest in sports and fashion.

Matraville Sports High School — Graduated 2025
Year 12 — ATAR: 92.95 · Talented Sports Programme

Advanced Mathematics · Advanced English · Commerce & Business · Legal Studies · Spanish

EXPERIENCE

Coach — 2023 – 2025
Sydney FC STP Academy & Holiday Clinic · Sydney, Australia

- Developed the technical ability and love for the game in **50+ youth athletes** across two seasons by designing and running structured weekly training sessions and one-on-one tactical evaluations — resulting in promotion to one of the Head Coaches within the first year.
- Managed the end-to-end delivery of multiple holiday clinic programmes — from athlete intake through to on-day execution — by owning scheduling, session planning and coordination, achieving zero operational failures across every cohort.
- Improved individual player outcomes by applying personal competitive football experience to identify each athlete's specific technical and positional gaps, designing targeted adjustments catered to their individual needs and tracking measurable progress across each programme.

Asst. Event Coordinator & Asst. Web Designer — 2023
University of New South Wales (UNSW) · Sydney, Australia

- Assisted in creating and publishing official **UNSW website pages and editorial articles** as part of the university's web design team, using Adobe tools to produce content that met institutional standards and contributed to the university's digital presence.
- Assisted in the coordination of the **UNSW 2023 Graduation Ceremony for 500+ attendees** by managing sound system setup, venue layout and on-day resource allocation as part of the event crew.

Founder & Operator — ONPOINT — 2024
Independent Accessories Brand · E-Commerce

- Built ONPOINT from nothing to a live, revenue-generating accessories brand at **16** by independently sourcing suppliers, negotiating pricing and terms directly with manufacturers, launching a Shopify storefront, and establishing the brand's full visual identity — no external funding, no team.
- Grew the brand's social media presence and customer reach by producing consistent branded content across platforms and managing the entire marketing output solo, converting organic followers into paying customers through content strategy alone.
- Reduced product costs and secured a reliable supply chain by bypassing intermediaries entirely — vetting, approaching and negotiating with overseas manufacturers directly, handling MOQs, pricing and delivery terms from scratch at 16.
